

DISCUSSION & INFORMED CONSENT FOR TOOTH WHITENING (BLEACHING)

Rev 03/2018

FACTS FOR CONSIDERATION

I understand yellow and brown stains usually lighten better than gray or blue stains. Some stains return after treatment is discontinued. Re-treatment may be required. Teeth with multiple colorations, bands or spots due to tetracycline use or fluorosis (discoloration of tooth enamel) do not whiten well and may need multiple treatments or may not whiten at all.

I understand that teeth with many fillings may not lighten and are usually best treated with other non-whitening alternatives.

I understand that whitening treatments only lighten the natural tooth structure and cannot lighten crowns, veneers, composite or other restorative materials.

I understand professional in-office whitening may require more than one office visit. Most whitening treatments will result in teeth lightening one to two shades on a dental shade guide.

If I choose to participate in an at-home whitening program, I understand there are specific instructions that I must follow. My dentist has given these instructions to me and I understand my responsibility when using these products.

BENEFITS OF WHITENING, NOT LIMITED TO THE FOLLOWING:

I understand that participating in whitening treatments can lighten the color my teeth, giving me a whiter appearing smile.

RISKS OF WHITENING, NOT LIMITED TO THE FOLLOWING:

I understand tooth whitening is unpredictable and there are no guarantees that tooth whitening will work. I understand tooth whitening may cause teeth to become sensitive. Should sensitivity occur and persist for any length of time, I will notify the dentist.

I understand that the gums and/or soft tissue in my mouth may be exposed to the various agents used in whitening procedures, which may cause an allergic response or inflammation. This could also be due to an inadvertent exposure of a small area of those tissues to the whitening gel or ultraviolet light.

If this happens, I will contact my dentist.

I understand it is impossible to place a specific time frame on how long the lightened appearance of whitened

teeth will maintain the lightened shade. These time periods may vary depending on conditions caused by my habits (for example, daily coffee drinking, smoking) and circumstance or genetics, which may be internal, external or both.

I understand that prolonged exposure to whitening products can wear away tooth enamel. Additionally, any existing sensitivity, recession, exposed dentin or other dental conditions that cause sensitivity or allow penetration of the whitening product into the tooth may require additional treatment.

I understand that professional application of whitening products can result in my mouth being open for extended periods of time. If my jaw becomes sore, I will notify my dentist immediately. Also, my lips may become dry or chapped. This can be treated by application of lip balm, petroleum jelly or vitamin E cream.

CONSEQUENCES IF NO TREATMENT IS ADMINISTERED, NOT LIMITED TO THE FOLLOWING:

I understand if I do not participate in whitening procedures, my tooth color will remain the same or continue to discolor further.

ALTERNATIVES TO TOOTH WHITENING, NOT LIMITED TO THE FOLLOWING:

I understand that depending on the reason I have my teeth whitened, alternatives may exist including, but not limited to, bonding, crowns and veneers. I have asked my dentist about them and their respective expenses.

FOR ALL PATIENTS

I understand that every reasonable effort will be made to ensure the success of my treatment. I further understand that each person and treatment situation is unique, and therefore, no guarantee or assurance has been given to me by anyone that the proposed treatment or surgery will cure or improve the condition(s) listed above.
